INTRODUCTION

Purpose of Hmong Professionals EIG

The Hmong Professionals (HP) Employee Involvement Group at NWTC is inclusive of all diverse professionals with the passion to build, nurture, and live the College's values for the common purpose of enhancing healthy engagements and building a strong network of resources across the campus. This group works toward enhancing involvement and connections within Hmong Professionals at NWTC and network with the broader Hmong community to provide and promote educational opportunities. This group will also advocate for students of Hmong-identity with direct impact to their college experience where equity and sense of belonging is fostered through mentorship and scholarships.

Activities that would fall under the EIG goals include the following four bullet points:

- Employee Networking/Social Gatherings
- Mentorship
 - Students
 - Employees
- Educational/Professional Development Opportunities
- Community Outreach Engagements

Purpose of this Resource Booklet

There is a diverse group of Hmong professionals at NWTC who were either born, raised or have relocated to the Green Bay area. With the large Hmong community in Green Bay, we hope this booklet can be used to help identify and point some direction to where Hmong communities and businesses are throughout the Wisconsin community. This booklet will introduce Hmong professionals to those resources and establishments and help connect them to the community at large.

NWTC's Commitment to Diversity and Inclusion

The Hmong Professionals Involvement Group is a strong and valuable support network of diverse resources where everyone can learn from and/or contribute their knowledge and skills through professional development and growth opportunities. Furthermore, this group will be an asset to the college to help meet its Vision, Mission and Values as follows:

Mission:

- Advocating campus inclusion will amplify an enrichment of education
- Training and life-long learning opportunities, leading to a skilled workforce that will embrace all cultures and differences
- Becoming culturally aware and sensitive

Vision:

- Diversity transforms, strengthens and inspires
- A cutting-edge learning experience must include sharing and learning of diverse perspectives and ideas
- Development of a strong group of professionals at NWTC, with a common passion to advocate student success and community outreach—correlates with transformation, strengthening, and inspiring life-long learning

Value: Everyone Has Worth

The group also supports the **Strategic Directions**. For details, please refer to the Strategic Directions booklet.

HMONG NEW YEAR

An important communal and social event that occurs after the harvest season, this major celebration is held at the end of the twelfth lunar calendar month. It is a time for Hmong people to serve their favorite dishes, wear their best clothes, take a break from their businesses, and refrain from speaking critically of others. – Cyril Eberle

The HNY can be celebrated from the months of November – December.

Below is a map of where the Hmong New Year is celebrated throughout Wisconsin, as of 2020.
