2009-2010 Dependent Verification Worksheet

Student ID# _____

What Does Verification Mean?

Verification is the process used to check the accuracy of information submitted by students on their financial aid application. The Federal Processor chooses student applications for verification at random through computer edit. Thirty percent of all applications are selected for verification. In addition, NWTC Financial Aid selects students for verification when inconsistent information is found.

The U.S Department of Education requires that colleges check the accuracy of the information that you provided on the 2009-10 Free Application for Federal Student Aid (FAFSA). We must verify this information before you are awarded financial aid. Please complete this form, attach the appropriate documentation, and return it to the Financial Aid Office as soon as possible.
