2024-2025 Budget

NWTC District Board of Trustees

The District Board has exclusive control over the policy-making operations that govern the District. The Board is responsible for developing policies in accordance with educational needs of the people to be served by the District, furnishing the financial resources by which the educational programs are run, and performing other responsibilities as prescribed by state statutes.

SECTION 1 Budget & Planning

Dear Citizens of the Northeast Wisconsin Technical College District:

We respectfully present this 2024-2025 budget, which supports the Northeast Wisconsin Technical College (NWTC) mission and strategic priorities.

Since the College was established in 1912, our most important work has been providing higher education access to all individuals in our district, ensuring student success, and meeting the workforce needs of district employers. Through our work, we are ensuring the economic well-being of district communities and family-sustaining careers for all who live in our communities.

The 2024-2025 budget continues the College's focus on student success, access, and the economic vitality of our communities. In addition, the budget maintains NWTC's commitment to operational excellence, being fiscally responsible, and maximizing our funding.

We are pleased to announce the College will release the new Strategic Plan in Summer 2024. The Strategic Plan will serve as our map to the future—guiding our work, our decisions, and our budgeting practices.

We believe a renewed focus on building barrier-free pathways to high-wage careers and transfer opportunities remains our greatest opportunity to transform students' lives and strengthen Northeast Wisconsin. Highlights of our Strategic Plan include:

- Collaborating with K12 districts to increase college access.
- Advancing transfer agreements with four-year colleges and universities.
- Leveraging technology in teaching and learning.

As we look to the future, NWTC is well positioned to prepare students and employers to thrive in the face of rapid changes in the workplace, creating economic vitality for individuals, employers, and communities throughout the district.

Thank you for your continued support of Northeast Wisconsin Technical College. It is a privilege to serve this district and institution. We are excited to continue Soaring Higher together with you, the citizens of Northeast Wisconsin.

Dr. Kristen Raney President, NWTC

Kusten a Reney

Cathy Dworak

Chairperson, NWTC Board of Trustees

Northeast Wisconsin Technical College District Profile

DEMOGRAPHICS

Northeast Wisconsin Technical College (NWTC) serves the northeast corner of the state of Wisconsin. The geographical boundaries are set to ensure that no PK-12 school district is divided between two technical college districts. Thus, NWTC's district comprises all of Door, Florence, Kewaunee, Marinette, and Oconto counties, all but a small sliver of Brown County, the eastern half of Shawano County, and a very small part of Outagamie and Manitowoc counties. The total geographical area is approximately 4,687 square miles (a little less than the size of the state of Connecticut). More than one-half of the land area is in Marinette and Oconto counties although 19% of the district population is in the area.

An estimated 457,619 people reside in the district of which 60% are in Brown County (see Table 1. Population Distribution). Brown County contains the city of Green Bay, the third largest city in Wisconsin, and the first to be established in Wisconsin. It was one of the earliest permanent European settlements. Much of the district was once home of the Menominee Nation, then the area changed from French to English to American control. In the 1830s much of the Oneida Nation moved to the area as they were displaced from their lands in northern New York.

Much of Door, Kewaunee, Shawano, and Brown counties became used as agricultural land, mainly for dairy production. Parts of Door County became known for its fruit production; apples and cherries. Today, northern Door County is a popular tourist destination, sometimes called the Cape Code of the Great Lakes.

Tabl	e 1	. Po	pula	ation	Distr	ibui	tion

	POPULATION DISTRIBUTION BY MALE/FEMALE IN DISTRICT										
County	Males	Females	Total Population 2023 Estimates	% Change from 2018

Shawano	20,798	20,321	41,119	0.63%							
Total	231,078	226,542	457,619	5.22%							

Like much of the American Midwest, Northeast Wisconsin has slowed significantly in population growth. In fact, Brown County is one of the few Wisconsin counties expected to show any significant growth in the next decade. Table 1 shows that all counties in NWTC's district have experienced population growth. A review of the age distribution of the district reveals that the population is getting older. As shown in Table 2, the largest percentage increase is in the age group 65 years and older. In contrast, the youngest age group of 0-14 shows no population growth. In fact, it has a negative population growth rate of -.02%.

Total	-0.2%	8.2%	4.7%	2.0%	2.9%	3.5%	18.4%	5.2%				

There has been a 5.3% (or 22,901) population growth in NWTC's district. Much of the district's population growth is due to the increasing racial diversity of its population. Since 2018 the district has seen an increase of racial and ethnic diversity, with an increase of 8.7% of residents who identify as a person of color, and an increase of 2.5% of residents who identify as white.

Table 4. 2023 Racial/Ethnic Composition of Counties in District

	2023 RACIAL COMPOSITION OF COUNTIES IN DISTRICT												
County	American Indian or Alaskan Native	American Indian or Alaskan Native, Hispanic	Asian	Asian, Hispanic	Black	Black, Hispanic	Native Hawaiian or Pacific Islander	Native Hawaiian or Pacific Islander, Hispanic	White	White, Hispanic	2 or More	2 or More, Hispanic

Brown County has seen the largest growth of residents who identify as a person of color; 22% of the population. Green Bay Area Public School District is a majority minority district with approximately 61% of its enrollment being students who identify as a person of color.

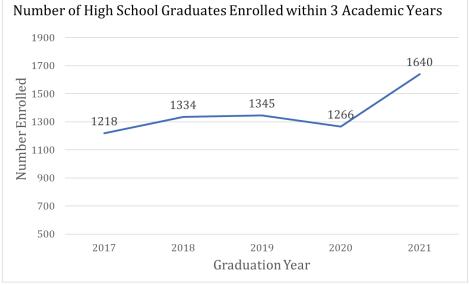

Table 5. Brown County High School Graduates 2018-2022

	BROWN COUNTY HIGH SCHOOL GRADUATES BY RACE/ETHNICITY											
Race/Ethnicity	2018	2019	2020	2021	2022							
Asian	115	126	117	145	120							
Black	168	134	155	125	135							
First Nation	78	66	70	72	73							
Latino	380	355	421	405	437							
Pacific Isle/ Two or More	77	80	99	86	119							
White	2,200	2,095	2,165	2,094	2,065							
Total	3,018	2,856	3,027	2,927	2,949							

The number of in-district high school students who enroll at NWTC within a three-year span of graduation continues to remain high, with a dip from students who graduated in 2020 (n=1,266), during the COVID-19 pandemic lockdown. However, we see a sharp jump in enrollment from individuals who graduated the following year in 2021 (n=1,640). Maintaining this growth is essential to increasing the number of students attending and completing credentials at the College. The current and persisting workforce skill shortage makes it imperative to increase the number of high school students continuing their education beyond high school.

Figure 1. Line Graph of 2017-2021 High School Graduates Enrolled at NWTC within 3 Academic Years

INDUSTRIAL AND OCCUPATIONAL PROFILE OF DISTRICT

Historically, Brown and Kewaunee counties have experienced lower unemployment rates than the state as a whole. The total number of unemployed has declined from 7,606 in 2017 to 4,938 in 2023.

Table 6. Employment by County in NWTC's District as of April 2023

	2023 EMPLOYMENT BY COUNTY											
County	Labor Force	Employed	% Employed	Unemployed	% Unemployed							
Brown	142,017	139,362	98.1%	2,655	1.9%							
Door	14,510	14,143	97.5%	367	2.5%							
Florence	2,101	2,034	96.8%	67	3.2%							
Kewaunee	11,059	10,876	98.4%	183	1.7%							
Marinette	19,089	18,447	96.6%	642	3.4%							
Oconto	20,969	20,413	97.4%	556	2.7%							
Shawano	20,680	20,212	97.7%	468	2.3%							
Total	230,425	225,487	97.9%	4,938	2.1%							

The four sectors with the highest percentage of the industrial mix in the district are: Manufacturing (22%), Health Care and Social Assistance (16%), Government (14%), and Retail Trade (12%). This is a marked difference from the 2018 data, when Government was not listed among the top 10 sectors.

Figure 2. Bar Graph of the Number of Jobs in Top 10 Industry Sectors in NWTC's District

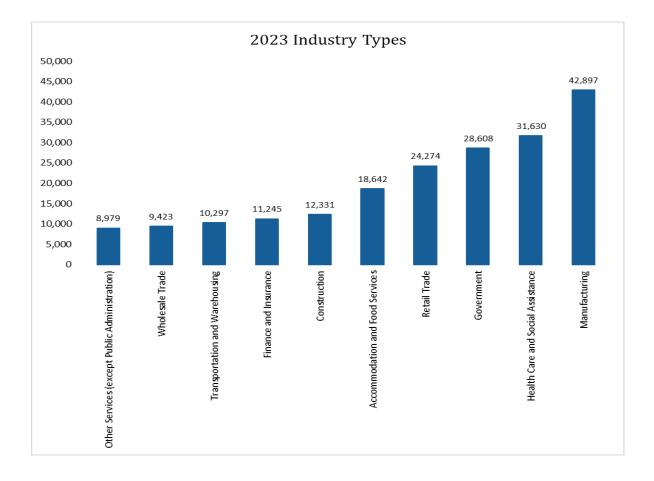

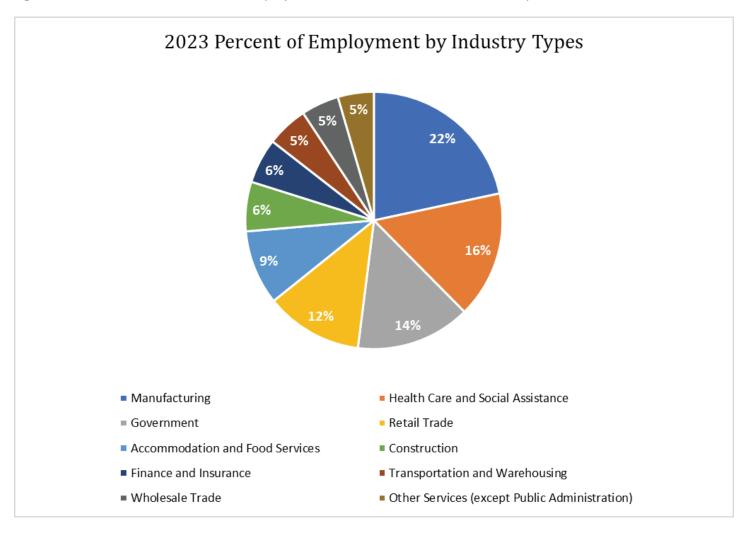

Figure 3. Pie Chart of the Portion of Employed NWTC District Residents in the Top 10 Industries.

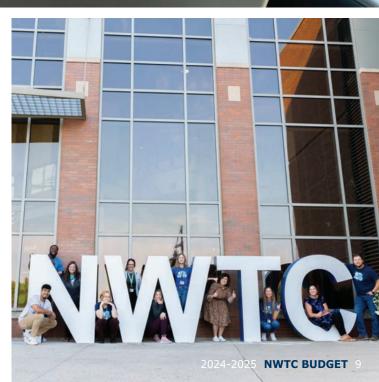

MISSION STATEMENT

We are a two-year technical college, serving Northeast Wisconsin by providing education, training, and life-long learning opportunities for all individuals and businesses leading to the development of a skilled and culturally inclusive workforce. Our customers stimulate the economic vitality of our district as a result of the application of skills and knowledge acquired through the completion of certificates, degrees, diplomas, and courses.

OUR VISION

NWTC is a cutting edge life-long learning college that transforms, strengthens, and inspires.

Value Statements

CUSTOMER FOCUS

We are committed to exceeding the service expectations of all of our internal and external customers with every interaction.

EVERYONE HAS WORTH

We are committed to embracing the worth of every individual, providing an inclusive place for all people, and creating a respectful and stimulating environment necessary for intellectual and personal growth.

PASSION AND INSPIRATION

We have a personal passion for achieving the College's vision, inspiring and motivating others to action.

CREATIVITY AND INNOVATION

We are committed to creating and fostering new concepts using proactive and critical thinking, leading to innovative solutions.

COLLABORATION

We are committed to open communication, teamwork, and productive debate that strengthens internal and external relationships, creating better solutions aligned to a common vision.

EMOTIONAL INTELLIGENCE

We are committed to improving outcomes by being aware of our emotions and their impact on others, and regulating them to foster positive and productive working relationships.

RESULTS AND ACCOUNTABILITY

We are individually and collectively accountable for the sustainable and optimal use of resources and the achievement of meaningful, measurable results.

VALUING TALENT & WELL BEING

We are committed to fostering a mentally and physically healthy work environment that promotes learning and growth and attracts and retains talented people.

ETHICS

We are committed to ethical and honest behavior and personal responsibility for living and modeling the values of NWTC.

Current Environment

CHALLENGES AND OPPORTUNITIES

The current environment is turbulent for higher education locally, state-wide, and across the country. Four-year colleges and universities in particular are being hit with increased congressional scrutiny, public skepticism, and funding challenges.

Valued for offering affordable, flexible degree programs and producing highly skilled graduates for the workforce, NWTC has not experienced the same level of political and public pressure as its four-year counterparts. Yet the College does face similar budget constraints.

While the times are turbulent for higher education, NWTC will continue to rise to each challenge as it has done for more than 110 years. NWTC stands ready to meet the needs of Northeast Wisconsin for generations to come.

CURRENT FUNDING CHALLENGES

- Limited opportunity for growth in funding from state, tax levy, and tuition (fixed sources).
- Escalating cost of living impacting NWTC and our students.
- · Declining enrollment due to:
 - Low unemployment rate in our district. Total number of unemployed has declined from 7,606 in 2017 to 4,938 in 2023.
 - Declining number of students in high school graduating classes across district.
 - Recruitment competition with employers due to workforce shortages.

SOARING HIGHER INTO THE FUTURE

Collaboration and innovation are key drivers in NWTC's future planning. Included in the College's initiatives:

- Collaborating with K12 districts to increase college access.
- Advancing transfer agreements with four-year colleges and universities.
- Leveraging technology in teaching and learning.

More information to follow in NWTC's next Strategic Directions, to be released Summer 2024.

Accomplishments

LEADERSHIP, COLLABORATION, AND NATIONAL RECOGNITION

- **Onboarded a new college president.** Dr. Kristen Raney became the eighth president of Northeast Wisconsin Technical College on July 1, 2023.
- Selected as one of only 10 finalists for the \$1 million Aspen Prize for Community College Excellence, the nation's signature recognition for America's community colleges which honors colleges with outstanding achievement in six critical areas: teaching and learning, certificate and degree completion, transfer and bachelor's attainment, workforce success, access, and equity for students of color and students from low-income backgrounds.
- Received nearly \$300,000 from Wisconsin's Office of Energy Innovation and the Wisconsin
 Public Service Foundation to reduce energy consumption and drive positive environmental impact within
 the community.
- **Awarded a grant of nearly \$600,000** from the Department of Navy's Science, Technology, Engineering and Mathematics Education and Workforce Program to address shipbuilder shortage.
- Signed a one-year contract with long-time partner, Fincantieri Bay Shipbuilding, to continue a specialized
 training program for FBS employees to advance their welding and pipe-fitting techniques. The program serves
 as an entry point on a path to becoming a skilled, professional tradesperson with a family-sustaining job.
 Together, NWTC and FBS are working to advance the maritime manufacturing industry and meet the growing
 workforce demand within the region.
- Developed a college-wide employer tracking tool that allows NWTC to:
 - Track ways employers engage with the College including DEI initiatives, customized training, contracts, internships, job postings, student scholarship donations, advisory committee involvement, recruitment efforts, and more.
 - Review data indicating which industries have a strong need for specific services; develop new opportunities to help employers within those industries.
- **Received generous support from national foundations**, enabling the College to improve student outcomes which, in turn, means more highly skilled people for the workforce.
 - Xometry awarded \$500,000 to NWTC to fund full tuition scholarships for students going into advanced manufacturing fields – resulting in an increase of 174 students pursuing manufacturing over 1.5 years.
 - The Gene Haas Foundation gifted \$500,000 to NWTC to strengthen the manufacturing industry. The grant, one of the largest in the College's history, will fund financial aid, academic coaching, recruitment, and many more crucial academic needs.
 - Metallica's Foundation, All Within My Hands, awarded \$100,000 to NWTC to support students facing financial burdens. Up to 100 NWTC students are eligible to receive a \$1,000 scholarship toward programs in construction, manufacturing, transportation, human services, and health sciences.
- Received the 2023 Inspiring Programs in STEM Award from INSIGHT Into Diversity magazine. The
 award recognized the College's Bilingual Cohort Program, a shining example of one of the things we do best at
 the College respond quickly to industry needs. Through advisory committee meetings and employer feedback,
 we identified the need for academic programming and training to alleviate immediate workforce gaps in industrial
 maintenance. Our Learning division then created flexible evening offerings and offered the cohorted model with
 wraparound supports.

Accomplishments

- Received the prestigious designation as a 2024 Center of Excellence for Domestic Maritime Workforce
 Training and Education. Awarded by the U.S. Department of Transportation's Maritime Administration, the
 distinction demonstrates the value NWTC provides to the nation by developing and preparing students for
 careers in the maritime industry.
- Welcomed Lakeland University to the Green Bay campus, creating easier access for students to earn
 a bachelor's degree. The partnership will allow NWTC graduates to enroll at Lakeland as juniors, receive a
 20% tuition discount for undergraduate courses and gain access to credit for prior learning as well as up to a full
 year of academic credit for work completed through Lakeland's Cooperative Education program.

TECHNOLOGY AND INNOVATION

- Reached significant milestones in the Workday project (the College's transition to a new enterprise management system).
 - Go-live of Workday Financials and Human Capital Management on June 25, 2023.
 - Successful transition of payroll for all employees from PeopleSoft to Workday.
 - Employee Open Enrollment process for benefits successfully and efficiently processed in the new Workday platform.
 - Using Workday integrations to produce all vendor benefit files.
 - Established the Workday Activity Pay process for adjunct and faculty pay.
 - Created or modified 1,384 custom reports to date.
 - Created/updated several Workday Job Aids (training documents) for employees.
 - Decommissioned several legacy systems in favor of the Workday platform. Examples include PeopleSoft Financials & HCM, Concur (Travel & Expense), and Maestro (Employee Learning).
 - Started the Workday Student implementation September 2022 and is on track for target go-live events in September 2024 and April 2025.
- Launched the Health Sciences Extended Reality (XR) Lab on the Green Bay campus. The lab was made possible through a \$300,000 grant from Achieving the Dream and the Brave of Heart Fund. In the XR lab, students are obtaining real life health care experiences through emerging technologies virtual reality and augmented reality. The simulated experiences enable students to test their classroom knowledge, improve their critical thinking, and gain confidence in their skills before working with patients in a clinical setting.
- **Joined the Alliance for Innovation and Transformation (AFIT)**, a national organization that connects higher education with industry leaders to ensure innovation and technology (such as artificial intelligence) are at the forefront of the changing higher ed landscape.
- **Completed class search update on nwtc.edu**, enabling students to see available semesters, credit for prior learning opportunities, and pathways in which the course fulfills degree requirements.
- Launched a refresh of nwtc.edu to improve the user experience.
- Implemented PathwayU, a career assessment tool powered by a predictive algorithm, to help guide prospective students when choosing programs.

Accomplishments

ACCESS AND STUDENT SUCCESS

- Nearly 2,300 students graduated from the College in 2023, joining more than 70,000 NWTC alumni who are valued for their expertise and contributions to their communities.
 - 93% employed; 72% of those grads are employed in their career field.
 - 55% work in the NWTC district.
 - 22% work in the state.
 - 97% are satisfied very satisfied or satisfied with the training.
 - \$52,592-median annual salary of associate degree graduates (who are employed full-time in field).
- Nearly 5,500 high school students earned college credit in AY23 thanks to the College's partnerships with area K12 school districts.
- Revised employability skills for all NWTC graduates and found new ways to assess skills attainment. NWTC has identified four new outcomes that will be known as NWTC's institutional learning outcomes: communication, teamwork, critical thinking, and equity and inclusion.
- Focused on increasing transfer student success, NWTC added a transfer coordinator role, resulting in the collaborative assessment of all current practices and policies to ensure we have the infrastructure and vision to grow and sustain transfer-related products and services.
- Our career coaches, who are located at district high schools, helped approximately 11,592 high school **students** in AY24 to complete career assessments, apply for scholarships, tour college, shadow classrooms, connect with community resources, apply for financial aid, and select high school courses to be better prepared for their college program choices.
- Our admissions advisors, who travel to community organizations, helped approximately 21,377 adult learners in AY24 by connecting them with NWTC student support services and career advisors, scholarships, college transfer evaluations, mock academic schedules, admissions requirements, and classroom shadows.
- Admissions advisors also collaborated with local community organizations that serve underrepresented and at-risk populations. In AY24, admissions advisors collaborated with 23 different community organizations to help support over 4,200 adult learners.
- More than 7,700 incumbent workers received training through NWTC Corporate Training and Economic Development department in AY23.

Goals & Objectives: Creating a Road Map for the Future

LAYING THE GROUNDWORK

Fiscal year 2023-2024 was a year of transition, reflection, and future planning. Dr. Kristen Raney, NWTC's eighth college president, began her tenure on July 1. As a new president, also new to Northeast Wisconsin, Dr. Raney worked to build connections throughout the NWTC district during her first few months.

Through the Community Conversations event series, Dr. Raney and the NWTC Executive Leadership Team traveled around Northeast Wisconsin to meet and actively listen to all of the College's stakeholders - students, faculty, staff, community members, business and industry leaders, and local officials.

DEVELOPING A NEW STRATEGIC DIRECTIONS

- In January, the College officially began the strategic planning process for 2024-2027. Currently in progress, the Strategic Plan will be released Summer 2024.
- The Strategic Planning Committee, comprised of representatives from across the College, gathered input from faculty, staff, and students to ensure internal stakeholder voices were heard. This information, coupled with the Community Conversation feedback and strategic data analysis, have provided a strong road map for the College's new priorities.
- When finished, the Strategic Plan will serve as a roadmap to the future—guiding our work, our decisions, and our budget.

PLANNING THE BUDGET

NWTC's budget planning process included a renewed commitment to providing our students with the high-quality education and services they have come to expect from NWTC. The College continues to stay innovative while being fiscally responsible. We do this through:

- A spirit of continuous improvement.
- A holistic approach that includes evaluating our current initiatives, action plans, and organizational structures.
- Creating a budget strategy that aligns resources with strategic priorities that support students, staff, and community.

Budget Process

The Northeast Wisconsin Technical College (NWTC) budget is adopted for the year beginning July 1st and ending June 30th. The budget allocates financial resources for ongoing programs, courses, services, and strategic initiatives.

The budgeting process is an integral step in implementing the College's strategic initiatives. Planning and budget development is a cooperative effort as each department develops a budget based on institutional goals for the year. The budgets are consolidated and re-viewed by the Finance Office and the Executive Leadership Team for alignment with the strategic initiatives and overall goals of the College.

During the months of October through May, the College's Executive Leadership Team and College Board of Trustees review and assess various elements of the budget including historical trends, current projections, and major budget assumptions. In April, the Board reviews the preliminary budget and authorizes the publishing of a legal notice to hold a public hearing in May. At the hearing, the Board considers public input prior to adopting the budget. After public hearing, the Board adopts all budgets at its May meeting. The approved budget is submitted to the State Office by July 1.

The assumptions for the FY2024-25 General Fund budget are:

- 7.1% increase in tax levy from net new construction
- Minimal change in state aids
- 0% enrollment increase or 5,020 full-time equivalent students (FTEs)
- 2.25% tuition increase for occupational; 0.0% increase for associate of arts/associate of science
- 0% increase in base salary and a 2% one-time stipend
- \$845,000 net staffing decrease
- 3% health insurance premium increase July-December and 7% January-June
- 6.3% increase in other non-wage operating costs

The budgets for the other funds are developed as follows:

- Special Revenue Aidable are based on continuing and anticipated grants, contracts, projects, and miscellaneous donations.
- Special Revenue Non-Aidable are primarily based on the anticipated student financial aid awards.
- Capital is based on the approved capital projects.
- Debt Service is based on the known debt obligation from prior year debt financing and the assumed debt obligation from the upcoming financing plans.
- Enterprise and Internal Services are based on historical trending and strategic priorities.

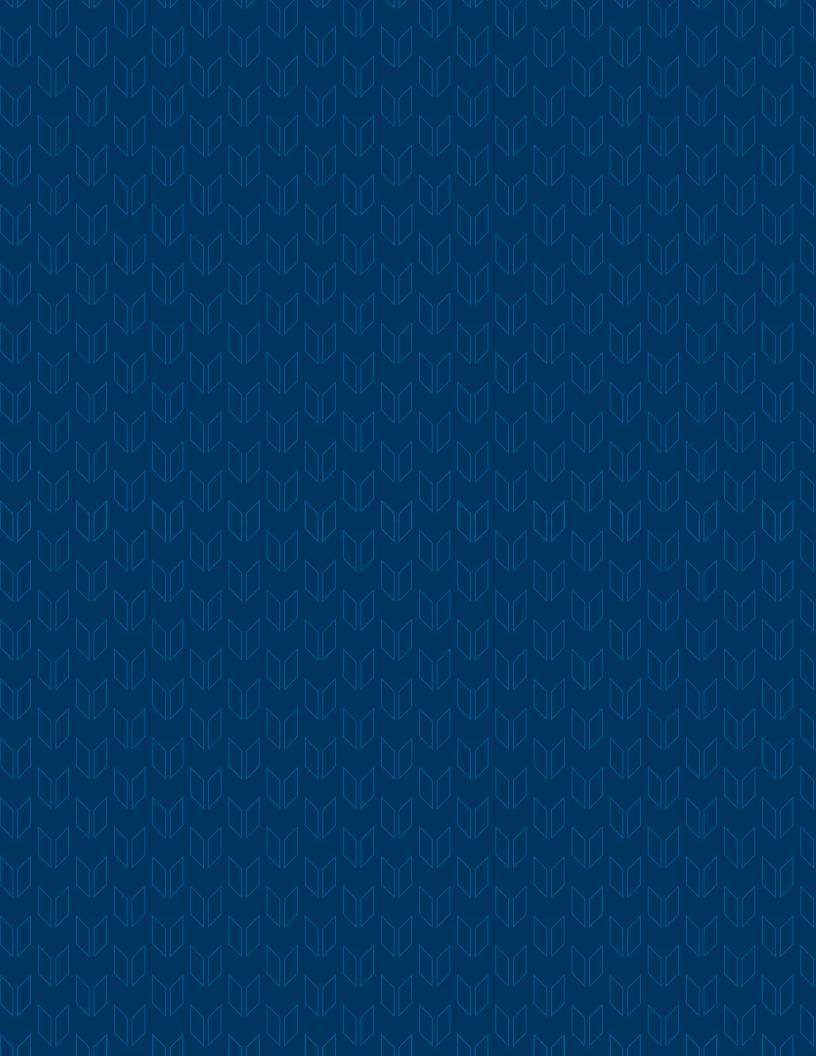

The budget is a plan, and budget modifications, are required whenever the budget is adjusted by fund type or function. All budget modifications are approved by the District Board. Examples of modifications include approval of new strategic initiatives, new grant funding, or other significant changes in revenues or expenditures. The budget is modified two to three times annually based on new information and changing conditions.

Staff Positions Summary

				2024-25 BUDGET BY FUND						
Category	2022-23 Actual	2023-24 YTD	2024-25 Budget	General Fund	Special Revenue Fund	Capital Projects Fund	Proprietary Fund	Total

Description of Revenue Sources

Local Government: Local Property Tax Levy Revenue. The debt service mill rate is added to the operational mill rate to get a total mill rate amount. The debt service is used to pay the principal and interest payments that are due that year. The operational tax levy is used to fund expenditures in the general and special revenue-operational categories.

State Aids: State Aids and any other revenue derived from the State Government.

Student Fees: Fees are collected from students for tuition, materials, and miscellaneous items. Tuition and material fee rates are set annually by the WTCS based upon estimated total operating expenditures of all districts.

- **Program Fees** A charge to recover a portion of the cost of operating the instructional areas other than books and consumable supplies.
- Material Fees Charges for instructional materials consumed by the student and/or instructor.
- **Other Student Fees** Other charges to students such as out-of-state tuition, application fees, graduation fees, and community service fees.

Institutional: Sales and services including Bookstore, Cafeteria Services, Campus Buzz, Re-sale accounts, and other revenues derived from other than governmental sources, except for those more properly coded as other resources.

Federal: Grants, contracts, and any other reimbursements received from the federal government sources.

Description of Funds

GOVERNMENTAL FUND CATEGORY

General Fund Type: The general fund type is available for any legally authorized purpose and is therefore used to account for all revenues and expenditures for activities not provided for in other funds. This fund is used to record the current operations of the district.

Special Revenue Fund Type: A special revenue fund type is used to account for the proceeds and related financial activity of specific revenue sources that are legally restricted for a specific purpose except for major capital projects and expendable trusts. Such a fund requires budgetary accounting and is created either by statute, charter, or board resolution to provide certain activities with definite and continuing revenues. After the fund is created, it usually continues year after year until discontinued or revised by proper legal action.

Operational – generally activities that are project-related in nature and not considered to be part of the regular program of the district and should be budgeted and controlled through the Special Revenue Fund. Typical inclusions are as follows: Vocational Education Act, Adult Education Act, and Job Training Partnership Act projects. Excluded would be construction or remodeling projects and trust/agency activities, including student loans.

Capital Projects Fund Type: The capital projects fund type is used to account for all resources and related financial activity for all capital expenditure projects regarding the acquisition of sites, purchase or construction of buildings (including equipping), lease/purchase of buildings, or remodeling and improvement of buildings. Any acquisition, construction, equipping, remodeling or improvement financed through the proprietary or trust/agency funds must be budgeted and accounted for in the respective fund. All movable and fixed equipment not purchased through proprietary or non-expendable trust funds must be budgeted and accounted for in the capital projects fund type. Minor equipment purchased for and within two years of the acquisition of a building shall be budgeted and accounted for in the appropriate capital projects fund.

Debt Service Fund Type: The debt service fund type is used to account for the accumulation of resources and for the payment of general purchase long-term debt and long-term lease debt principal and interest.

PROPRIETARY FUND CATEGORY

Enterprise Fund Type: The enterprise fund type is used to account for district operations where the cost of providing goods or services to students, district staff, faculty or the general public on a continuing basis is financed or recovered primarily through user charges or where the District Board has decided that periodic determination of revenues, expenses, or net income is appropriate.

Internal Service Fund Type: The internal service fund type is used to account for the financing and related financial activities of goods and services provided by one department of the district to other departments of the district or to other governmental units on a cost reimbursement basis.

ACCOUNT GROUPS

General Fixed Assets Account Group: The general fixed assets account group is used to record assets of a physical nature having a long period of usefulness such as land, building, and equipment. However, the general fixed asset account group does not include fixed assets utilized in proprietary fund activities or in trust/agency funds. Minor equipment is not to be recorded in this account group.

General Long-Term Debt Account Group: The general long-term debt account group is used to record all unmatured general long-term liabilities except for the long-term liabilities of the proprietary and trust/agency funds which should be accounted for in the appropriate fund.

Description of Functions

EXPENDITURES ARE CLASSIFIED BY THE FOLLOWING FUNCTIONS.

Instruction: Instruction includes teaching, academic administration including clerical support and other activities related directly to the teaching of students, guiding the students in the educational program, and coordination and improvement of teaching.

Instructional Resources: Instructional Resources includes all learning resources activities such as the library, audio-visual services, instructional media center, instructional resources administration, and clerical support.

Student Services: Student Services includes those non-instructional services provided for the student body. These include student recruitment, student services administration and clerical support, admissions, registration, counseling, testing and evaluation, health services, financial aid, placement, and follow-up.

General Institutional: General Institutional includes all services benefiting the entire College except for those identifiable to other specific functional categories. Examples of this type of expenditures are general administrative functions including the NWTC Board, the office of the President, the business office and general supporting administrative offices. Also, legal fees, external audit fees, general property and liability insurance, human resources, and staff development are included.

Physical Plant: Physical Plant includes all services required for the operation and maintenance of the physical facilities. Principal and interest on long-term debt obligations are also included in this function as are general utilities such as heat, light, and power.

Auxiliary Services: Auxiliary Services includes the commercial type activities in the enterprise and internal service funds such as bookstore, vending services, and the self-insurance fund.

Pro-Forma Balance Sheet Descriptions

The Pro-Forma Balance Sheet represents a projected estimate of the financial position of NWTC on June 30th.

ASSETS:

- Cash and Cash Equivalents: Includes funds in secured interest-bearing and noninterest-bearing accounts at local financial institutions and the State of Wisconsin Local Government Investment Pool.
- **Receivables:** Estimated amounts due primarily from tax levy, state and federal projects, contract training and agency billings.
- Amount Available in Debt Service Funds: An account in the general long-term debt group of accounts
 which designates the amount of assets available in a Debt Service Fund for the retirement of the general
 obligation debt.
- Amount to be Provided for Long-Term Obligations: An account in the general long-term debt group
 of accounts which represents the amount to be provided from taxes or other general revenue to retire
 outstanding general obligation indebtedness.

LIABILITIES AND FUND EQUITY:

- **General Long-Term Debt:** Principal payments due on the general obligation debt recorded in the Debt Service Fund.
- **Deferred Revenues:** Student program and material fees paid in advance.

Student Center Level 1 Remodel - Auditorium	100,000		2,103,000
		Total Capital Budget	\$16,499,200

Project Title	Department	Amount	Executive Summary
Learning			
Advance Manufacturing Center Mezzanine Remodel	Trades & Engineering Technologies	\$90,500	There has been a shortage of equipment storage space in the first-year automotive shop. With recent increased enrollments and equipment needs, the lack of storage space has become critical. This project would install a new mezzanine in the first- year automotive lab.
Ambulance Cots	Public Safety	56,000	This purchase would be to replace outdated cots that do not function as they should. Ambulance cots are essential to the educational experience for our Emergency Medical Services (EMS) students in classes throughout the district. Additionally, while hosting the National Registry of Emergency Medical Technicians (NREMT) exam, each station has a required setup per the state, which requires these cots.
Anatomage Table - Marinette	General Studies	85,000	The Anatomage Table Convertible is the most technologically advanced 3D anatomy visualization and virtual dissection platform for medical education, clinical training, and diagnostics. Highly detailed segmentation of 2,950+ structures in male and female cadavers, 40 regional scans up to 0.4 mm high resolution, and 1,047 histology slides featuring tissue throughout the human body; to name a few features. Instantly look up any anatomy structure's associated system, category, origin, insertion, blood supply, nerve innervation, actions, and functions. Since there is no cadaver lab available on-site, the table is essential for student learning and practical testing. Both General Studies and Health Science programs would benefit from this resource on the Marinette campus. The Anatomage table has also been an effective recruiting tool. All prices listed are discounted for schools, including shipping and handling, initial remote training (free), life-time remote training (free) and 1st year warranty (free). Free software updates (worth \$20K per year) for the life of the table.
Automotive Training Vehicles	Trades & Engineering Technologies	100,000	Replacement and additional used vehicles (less than 10 years old) are needed to stay current and to support increasing enrollment at all locations; especially in the Green Bay second year due to increased enrollments from the academies. These vehicles will serve the automotive programs at five locations as well as the collision/refinishing program.
Boiler Upgrades	Trades & Engineering Technologies	53,000	Replacing BC105 oil boiler with gas to fit with new curriculum changes. Update system with high-efficiency boiler with built-in mix pump control. This includes high-efficiency pumps and updated zone controls.
Commercial Controls Boiler Upgrades	Trades & Engineering Technologies	52,900	Request to update our 30-year-old boiler on the commercial controls systems to better match current field equipment and allow for direct BACnet Direct Digital Control (DDC) control and modulation. These upgrades will allow for industry specific updates to staged boilers. Updated electronics will also allow for industry specific building controls.
CTED/Green Bay 6 PLC Mobile Modular Training Systems	CTED	69,000	Employers are seeking more programmable logic controller (PLC) training and to fulfill these requests, CTED continuously borrows PLC training equipment from Trades. In addition, borrowing PLC training equipment from Trades takes away from the program students and their learning experience.
Dental Expansion - 20% Grant Match	Health Sciences & Education	270,300	This capital project requests serves as the cash match portion of the Oral Health Grant that is funded through the Wisconsin Joint Finance Committee through the Wisconsin Technical College System. The request encompasses dental equipment to support the addition of 4 dental stations to our dental hygienist program as well as purchase the instructional equipment needed to launch our Advanced Certificate in Expanded Function Dental Auxiliary. This match accounts for 20% of the total grant project of \$1,351,009.
Drive-On Hoists - Marinette	Trades & Engineering Technologies	150,100	Two existing hoists are aging, have reached the end of their serviceable life, and require substantial inspection and maintenance to keep them operating safely.

Haas ST-10 Turning Centers	Trades & Engineering Technologies	190,000	Replace three 25- year-old Computer Numerical Control (CNC) Lathes with industry standard Turning Centers. This purchase will better prepare students for local industry by teaching them on current equipment used by employers.
Hose Stream	Public Safety	56,300	This prop is designed to teach firefighters to manage air entrainment and effectively distribute water and map the surfaces of a structure with hose line streams. It also shows how to properly place a stream into the eave line to quickly coat the attic while limiting the ventilation into the space. Having this prop on campus will allow hose and water training to occur with the prop which will help preserve the longevity of the burn tower structure.
Marinette Augmented Reality/Virtual Reality (AR/VR) Lab Remodel	Health Sciences & Education	136,600	Augmented Reality/Virtual Reality (AR/VR) is being used to supplement student learning as well as an alternative for clinical in Green Bay. This request for an AR/VR Lab will provide the Marinette students with equitable equipment and resources for learning that is on the Green Bay campus.
Mobile Modular Advanced Automation Trainer	Trades & Engineering Technologies	65,300	The Advanced Automation Trainers are used in the higher-level Automation classes. As we continue to promote our Automation certificates and CTED programs, we need more trainers to meet the needs. The six trainers purchased will be used to support Green Bay, Marinette, and CTED.
Mobile Modular Servo Trainers	Trades & Engineering Technologies	76,000	The growth of student numbers in the Green Bay, Marinette, and CTED offerings utilizing Mobile Modular equipment requires addition of 6 Servo trainers.
Panoramic Machine and ProVecta 3-D Prime X-Ray and 3-D Imaging	Health Sciences & Education	80,900	This request is a replacement of current equipment that has exhausted its lifespan and is no longer functional. The Panorex captures a full mouth dental imaging which is a required component of comprehensive patient care. Students have patient requirements with dental accreditation for the Panorex imaging. With this replacement, Cone Beam capabilities could be added. Dental Cone beam computer tomography (CT) is a special x-ray equipment used when regular dental or facial x-rays are not sufficient. This is a training location for both dental assistant and dental hygiene students.
Public Safety Ladder Tower	Public Safety	62,700	Refresh existing tower on the Green Bay campus. This necessary structure is anticipated to be unusable by our Fire program after this academic year due to its current condition.
Sim Essential	Health Sciences & Education	58,600	The current simulator can no longer be updated and is not consistently working for student learning. The update of this equipment will provide students with a positive learning environment and an alternative clinical experience.
Sim Mom and Simulation Camera	Health Sciences & Education	87,200	The current birthing simulator does not always function as needed and is not updatable. There is also the sim camera that is not functional. These equipment items need to be updated to provide students with a positive learning environment and provide alternative clinical experience.
Sim Pad Anne Simulators (5)	Health Sciences & Education	70,000	These simulators are outdated and cannot be updated. Two of the simulators do not fully function. Updating this equipment is needed because students utilize them to practice their nursing skills and to test off on skills they have learned.
Solo Rescue Decontamination Washer	Public Safety	56,300	Studies show that firefighters run a significantly higher risk of being diagnosed with, and dying from, various forms of cancer than the general population. This is due to the hazardous chemicals and carcinogenic particles they are exposed to in the line of duty. To reduce this exposure and the resulting cancer risk, it is essential to thoroughly, safely, and efficiently clean and decontaminate all protective equipment after every use.

Facilities Improvements			
Country Club Road Sidewalk Connection Project	Facilities	87,500	The City of Green Bay has plans to update, expand, and add sidewalks to Country Club Road. This project funds a sidewalk connection between NWTC's Green Bay campus and the new Country Club Road sidewalks. The sidewalk connections are required by the City of Green Bay.
District-Wide Door Improvements	Facilities	66,000	This account funds the replacement of damaged, failing, or deteriorated door systems as well as the addition of hardware components to the College's door systems.
District-Wide Energy Improvements	Facilities	150,000	This account funds improvements to the College's energy footprint. Projects are evaluated for payback which includes various rebate programs.
District-Wide Envelope Improvements	Facilities	150,000	This account funds improvements to the College's building envelope both above and below grade such as masonry, windows, siding, underground drainage systems, foundation wall waterproofing, and metal panel cladding.
District-Wide Facilities Improvements	Facilities	75,300	This account funds improvements for unplanned needs of the College, such as equipment failure and damage to buildings.
District-Wide Mechanical, Electrical, and Plumbing Improvements	Facilities	1,325,000	This account funds improvements to the College's mechanical, electrical, and plumbing systems by replacing system components which are at the end of life or are suspect of impending failure.
District-Wide Restroom Improvements	Facilities	100,000	This account funds improvements to the College's public restrooms.
District-Wide Roof Improvements	Facilities	800,000	This account funds improvements to or full replacements of, the College's roof systems as scheduled per the Critical Asset Management Plan (CAMP) document to avoid loss due to roof failure.
District-Wide Security Improvements	Facilities	128,000	This account funds improvements to the College's security environment through security cameras, automated external defibrillators (AEDs), secure access, and door hardware additions or upgrades.
District-Wide Site Improvements	Facilities	80,000	This account funds improvements to the College's grounds. Improvements may include but are not limited to, storm water plan modifications, removing and replacing dead trees, site lighting, and adding site features.
Student Center Level 1 Remodel - Cafeteria	Facilities	59,100	Refresh the cafeteria on the Green Bay campus to be more compatible with the newer areas of the College. This refresh will also rectify the current congestion and security concerns. It is proposed the remodel take place in two phases in FY25 and FY26. The first phase will repair the drain and patch the floor.
Student Center Level 1 Remodel - Auditorium	Facilities	100,000	The Auditorium on the Green Bay campus will be refreshed and branded to better serve as an effective space for Corporate Training & Economic Development (CTED), large prospective student groups, community-connected events, student involvement events/cultural programs, and some classes. Audio problems will be fixed, monitors will be added along the side walls to ensure visibility of material on the front screen to those further back, walls will be repainted, and NWTC branding will be placed on the walls to heighten awareness of branding to groups in the space.

Information & Instructional Technology			
Lifecycle - District-Wide Computers	Instructional Technology	1,200,000	This request is for the annual personal computer refresh. Refreshing these workstations provides students, faculty, and staff reliable computers to meet the mission of the College. Supply chain issues have largely been removed, however, current costs of computer equipment continues to fluctuate with inflation. This plan is based on a six-year refresh cycle given the amount of total computers and funding dedicated to computer replacement. We will be replacing 525 computers this year, 337 of those being engineering workstations.
Lifecycle - IIT Servers	Instructional Technology	150,000	The refreshing of equipment provides our students and faculty/staff with stable core services to run the systems that are needed to meet the mission of the College. This request is to replace a grouping of servers that run the production software for NWTC.
Lifecycle - Instructional Technology	Instructional Technology	600,000	We have 265 learning and event spaces and 102 conference/study rooms within the NWTC District. The request is to upgrade 44 learning spaces and 42 conference/study rooms in FY25. The focus of the upgrades is to remove smart board displays, projectors, and aged or failing audiovisual communication equipment along with upgrading the instructor stations, if applicable.
Lifecycle - Multi-Function Printer Replacements	Instructional Technology	90,000	The College has 133 multi-function printers and 42 are due to be replaced because they are no longer supported by the manufacturer.
Lifecycle - Uninterruptible Power Supplies (UPS)	Instructional Technology	133,000	The College has 59 network closets spread throughout all locations. Each network closet has an uninterruptible power supply unit which provides battery backup to the switch/network until the generator kicks in and provides power. It also cleans the power coming from the street to better protect our equipment. Thirteen of these units have reached end of life of the internal electronics and need to be replaced. This will be a four-year project to replace all the units; budget requests for FY26, FY27, and FY28 will be submitted.
Software - Adobe FY24-FY26	Enterprise Applications	85,000	This covers the second year of the three-year contract for Adobe software.
Software - Canvas FY23-FY25	Enterprise Applications	152,700	Covers the third year of the three-year Canvas contract.
Software - Cisco Catalyst DNA Advantage FY24-FY28	Instructional Technology	65,000	This covers the second year of a five-year contract for the subscription licenses for Cisco software that maintains critical updates and needed features to our computer network infrastructure.
Software - Cisco Wireless DNA Advantage FY25-FY29	Instructional Technology	150,000	This covers the first year of a five-year contract for the subscription licenses for Cisco software that maintains critical updates and needed features to our wireless network infrastructure.
Software - Commvault Ends FY27	Instructional Technology	150,000	This covers a three-year upfront subscription renewal for Commvault Data Backup and Recovery to provide backup and recovery, data retention, and compliance auditing.
Software - Landis Contact Center FY23-FY25	Enterprise Applications	77,200	This covers the second year of a five-year contract for the subscription licenses of the Landis Contact Center software used by the NWTC Student Services contact center and IIT Employee Help Desk contact center.
Software - Mediasite Video Streaming Services Ends FY26	Enterprise Applications	67,000	This covers a two-year, paid upfront subscription renewal for Mediasite video streaming services. These video recordings are used within courses as part of the course materials. There are always 20 or more students watching the videos from this server.
Software - Microsoft A5 and Azure Subscription FY24-FY26	Instructional Technology	620,000	This covers the second year of a three-year contract for the subscription licenses of Microsoft Office, Teams, Windows Server, Security systems in the data center, and Azure subscriptions.
Software - Ocelot FY25-FY27	Enterprise Applications	150,000	NWTC uses Ocelot's proprietary artificial intelligence (AI) software platform to provide students with a chatbot interface that provides conversational answers and advice on topics surrounding registration and financial aid. The existing contract expires January 2025, and funding is requested to pursue a three-year renewal. There are three components to the solution: Orientation, Enrollment Management, and Financial Aid.

Software - Salesforce, TextUs, and Conga FY21-FY25	Enterprise Applications	184,700	Covers the fifth year of the Salesforce contract, which includes the TextUs text messaging tool and the Conga contract quoting tool for CTED. Estimated cost includes projected spending on all three contracts for FY25.
Software - Starfish FY23-FY27	Enterprise Applications	87,600	Covers the third year of a five-year Starfish capital software contract.
Software - Transact FY21-FY25	Enterprise Applications	60,000	Covers the fourth year of the five-year Transact Cashnet contract.
Miscellaneous			
Capital Positions	District-Wide	1,210,000	Fund FY25 salaries for capital-related positions, which are needed to plan, monitor, and complete the capital projects within NWTC's policies and procedures, as well as the state statutes.
Software - Workday FY23-FY32	Enterprise Applications	3,205,000	The \$3,205,000 amount corresponds with the original FY25 amount presented to the Board of Trustees.
Other Areas			
District-Wide Facilities Fleet Vehicles	Procurement & Distribution	73,000	This account funds the acquisition and replacement of equipment for the College's operations. The list of equipment includes but is not limited to pickup trucks, snowplows, utility terrain vehicles for grounds maintenance and snow removal, lifts, loader tractors, service vans, lawn mowers, and equipment attachments.
District-Wide Fleet Vehicle Replacement	Procurement & Distribution	75,000	Keeping up with a vehicle replacement plan reduces operational costs. If the replacement plan is followed and funded yearly, the overall capital and operational expenditures are significantly less.
Environmental Graphics and Internal Wayfinding	Marketing	300,000	Develop a three-year capital plan to: 1. Implement and update environmental graphics throughout the campus 2. Collaborate with Facilities to develop improved internal wayfinding signage
Student Services			
Artisan and Business Center Interior Vestibule and Signage	Student Services	119,700	The external signage is dated and not viewable from the street. This request would move, update, and make the branding visible from the street. There is no internal branding at the center. Vestibules function as transitional areas that separate the building's interior from the external environment. The current exterior door is single-pane glass which is nearing end of life.
Student Center Level 1 Remodel - Commons	Student Services	195,900	Refresh (Phase 1) the Commons on the Green Bay campus to be more compatible with the newer areas of campus including updates to furnishings and technology.
Student Center Level 1 Remodel - Multi- Functional Event Center	Student Services	125,800	Update student gathering space for students, student clubs, and a variety of other student-focused special events in the Student Center on the Green Bay campus.

Automation Engineering Technology Electro-Mechanical Technology

Welding & Fabrication Apprentice

Local Certificate

Additive Manufacturing Certificate
Advanced PLC Certificate
Automation Fundamentals Certificate
Controls Systems Certificate
Cybersecurity Considerations for Industrial Controls Certificate
Fluid Power Certificate
Flux Core Welding Certificate
Industrial Maintenance Certificate
Industrial Technician Fundamentals Certificate

Machine Safety Certificate

Mechanical CAD Fundamentals Certificate

Mechanical Fundamentals Certificate

Mechanical Technology Intro Certificate

MIG Welding Certificate

Motors and Drives Certificate

Robotics Certificate

Stick Welding Certificate

TIG Welding Certificate

Weld Inspection Certificate

Technical Diploma

CNC Technician
Machine Tool Operation
Metal Fabrication/Welding
Welding

WTCS Pathway Cert

CNC Operator
Engineering Fundamentals
Industrial Technician Fundamentals

MARKETING

Associate Degree

Design & Graphic Technology Marketing Supply Chain Management

Local Certificate

Customer Service Certificate
Design and Graphic Software Certificate
Digital Marketing Certificate
Marketing Communication Certificate
Promotions and Event Management Certificate
Social Media Design Certificate

Technical Diploma

Digital Marketing

NOT OTHERWISE ASSIGNED

Associate Degree

Individualized Technical Studies
Individualized Technical Studies-Journeyworker

SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS

Advanced Technical Certificate

Biomedical X-Ray Service Technician

Associate Degree

Bio-Medical Electronics Civil Engineering Technology Electrical Engineering Technology Laboratory Science Technology Mechanical Design Technology

Local Certificate

Mechanical Drafting Certificate

TRANSPORTATION, DISTRIBUTION AND LOGISTICS

Associate Degree

Auto Collision Repair and Refinishing Technology Automotive Technology Diesel Heavy Equipment Technology Diesel Medium and Heavy Truck Technology

Local Certificate

Service Writer Certificate

Technical Diploma

Auto Collision Repair and Refinish Technician Automotive Maintenance & Light Repair Technician Automotive Service Technician Diesel Heavy Equipment Technician Diesel Maintenance Technician Diesel Medium and Heavy Truck Technician
